# Computer Requirements

For a student to be successful in the Salus University [illegible] ...Studies blended on-line [illegible] ...software are key elements of the [illegible] computer to [illegible] ...With this in mind, you will be expected to have access to and use the hardware and software described below.

Please note that due to the rapid rate of change in information technology, we anticipate that hardware and software competencies will be updated on a regular basis.

## Hardware & Peripherals

You are required to have use of a computer system with the following specifications and components:

Adobe® Reader 9.0 or later

Adobe Shockwave Plugin 11.0 or higher

Apple QuickTime Plugin & Player Version 7 or above

Windows Media Player & Plugin Version 10 or above

System configured to allow installation of browser plug-ins as required

Local administrative privileges (for required software installations)

...virus program (updated regularly)

Broadband Internet access

## Computer Accessibility

The College of Education and Rehabilitation (CER) recommends independent options for computer accessibility in order to ensure that your computer's operating system is up-to-date with the most recent accessibility technology.

The operating systems on computers already have some features that include these accessibility technologies:

Changing font size
Changing size of desktop icons
Magnification of portions of your screen

Converting text to speech
Altering background color
Captioning for audio
Speech recognition such as JAWS, Zoomtext

## Accessibility

Both Microsoft and Apple provide additional accessibility guides, tutorials, and tips for use on your computer.   Visit the [Microsoft] or [Apple] website for information beyond the documents provided here.

**Note:** Due to the rapid rate of change in Information Technology, required hardware and software and technology skills are updated often.
